

If the booking is cancelled within the green arrow then no cancellation charge will be made. This is because it was deemed to be in place for a limited period of time and thus would not have blocked others to any significant extent to use the court

So long as the cancellation is BEYOND the green arrow but WITHIN the pink arrow, then a late cancellation charge **will** be made so long as no-one else books the court.

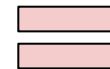

If the booking is cancelled within the pink arrow then cancellation charge **may** apply. This is because the cancellation was sufficiently late that not enough opportunity has been given to others to use the court.
